

MEETING NOTICE: There will be a Regular Meeting of the  
Blanchard /Santa Paula Library District Board of Trustees  
Tuesday, January 22, 2019, at 5:30 p.m.  
Blanchard Community Library, Hardison Room  
119 N. 8th St., Santa Paula, CA 93060.

## AGENDA

- A. CALL TO ORDER
- B. APPROVAL OF THE ORDER OF THE AGENDA
- C. PUBLIC COMMENT

Public comments are welcomed and encouraged. The President of the Board will acknowledge visitors wishing to speak on a topic not on the regular Board agenda. The Board is prohibited from taking action on any item not part of the printed agenda. When addressing the Library Board, please stand to be recognized by the Board President, state your full name and address, and direct your comments to the entire Library Board.

For members in the audience wishing to speak on an Agenda item, the President will announce the item and request the staff or a Board member to give a brief summary. The Board will have an opportunity to ask questions, following which the President will ask whether anyone else wishes to comment. Then the Board will discuss the item and take the appropriate action.

The Library Board of Trustees requests that speakers conduct themselves with civility and keep in mind the rights and well-being of all members of the Santa Paula community.

**CALL TO ORDER**---The Meeting was called to order at 5:29 p.m. by Board President Maureen Coughlin. Board members Tim Hicks, Nancy Nasalroad, Laura Phillips and Daniel Sandoval were in attendance. District Director Ned Branch was present. After the election of officers, the meeting was chaired by Board President Tim Hicks.

**APPROVAL OF THE ORDER OF AGENDA**---Unanimously approved (Hicks/Sandoval, 5-0).

**PUBLIC COMMENT ON NON-AGENDA ITEMS**---None.

**CONSENT CALENDAR**---The *Minutes* of the Regular Meeting of November 27, 2018, were unanimously approved as corrected ( 5-0).

**RECOGNITION OF TRUSTEE LINDA SPINK AND INTRODUCTION OF NEW STAFF MEMBERS**- - - New Library Assistant I Mariana Mendoza was introduced. Retiring Trustee Linda Spink was honored for her many hours and incredible accomplishments during her tenure on the Board, resulting in a revitalized Library.

**ADJOURN REGULAR SESSION**---A recess was called at 6:10 p.m.

**THE REGULAR SESSION RESUMED** at 6:24 p.m.

**ELECTION OF OFFICERS** - - - The new officers were unanimously elected: President Tim Hicks, (Hicks/Coughlin 5-0), Vice President Nancy Nasalroad, (Hicks/Coughlin 5-0), Clerk Maureen Coughlin (Hicks/Sandoval 5-0).

**REPORTS**---Director Branch presented the *Financial Statements and Budget*. The Financial statements were received and filed. Laura Phillips reported for the *Friends* that the Festival of Books was a huge success, and the January First Saturday Book Sale special will feature books on health and medicine.

**BOARD/ADMINISTRATION COMMENTS, CONCERNS, HANDOUTS**---The Director's evaluation and contract need to be handled in January. The Ventura Human Services Agency has a report on the Library's Saturday Services program.

**UNFINISHED BUSINESS**---The Reserves Policy was unanimously approved (Sandoval/Phillips, 5-0)

MINUTES of the Regular Meeting of the Blanchard/Santa Paula Library District Board of Trustees, Tuesday, December 18 , 2018

NEW BUSINESS--- Director Branch presented the *Other than Pension Employee Benefits* report. The Board unanimously approved the removal of Linda Spink, and the addition of Daniel Sandoval as *signatories on Library accounts* (Coughlin/Nasalroad 5-0).

REPORTS CONT. --- Wendy Batstone has submitted an application for a Family Literacy grant for the *Literacy Program*. The *Public Service Report* notes that the Local Author's Fair attracted 100 attendees, the Library has been selected to participate in the Books to Action Program, with the topic Homelessness, and a Saturday story hour has been added to Youth Services. The *Volunteer Coordinator* has scheduled a Community Work Day at the Library on January 26th. Volunteers are tagging DVD's as they are cleaned. Included in the *Director's Report*: Pitch an Idea Grant- Kiosk and laptops are installed; the software will be installed shortly. Director Branch will meet with the Interface director to coordinate future activities. Branch is the 2019 Chamber of Commerce Chair-Elect. Library cards can now be issued off site, and sharing the Ventura Bookmobile one morning a week is being considered. A minor gas leak discovered by SoCal Gas in front of the library was fixed, enabling heating. Three quotes were obtained for the security cameras, but none meet the code on one-year memory; still awaiting revised bids.

***Board Committee Reports:***

Finance- none.

Human Resources- none.

***Strategic Plan Team Reports:***

Visioning/Strategic Plan- none.

Fundraising / Grants: A \$20,000 grant is in the works for family literacy, and \$46,000 in grants were received for computers. The State may be giving the Library \$15,000 for a data equity program. ## INDEPENDENT AUDITORS' REPORT

Board of Directors  
Blanchard/Santa Paula Library District  
Santa Paula, California

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the Blanchard/Santa Paula Library District (the District) as of and for the fiscal year ended June 30, 2018, which collectively comprise the District's basic financial statements as listed in the foregoing table of contents. These financial statements are the responsibility of the management of the Blanchard/Santa Paula Library District.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

### *Opinions*

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Blanchard/Santa Paula Library District, as of June 30, 2018, and the respective changes in financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Emphasis of Matter**

#### *Changes in Accounting Principles*

As discussed in note 1 to the basic financial statements effective July 1, 2017, the Blanchard/Santa Paula Library District adopted Government Accounting Standards Board (GASB) Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions. Our opinion is not modified with respect to this matter.

*Other Matters*

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require the budgetary information on pages 25 and 26, the schedule of proportionate share of net pension liability on page 28, the schedule of pension contributions on page 29, the schedule of changes in OPEB liability and related ratios on page 30, and the schedule of OPEB contributions on page 31 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated January XX, 2018, on our consideration of the Blanchard/Santa Paula Library District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

BLANCHARD/SANTA PAULA LIBRARY DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2018

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Organization**

The Ventura County Board of Supervisors formed and organized the District on October 31, 1967. Before this date, the City of Santa Paula had operated a municipal library as the Dean Hobbs Blanchard Memorial Library.

On July 1, 1968, the District became operational. On this date the assets, all real and personal properties of the municipal library, were transferred to the District with the provision that at such time as the District or its successors cease to operate and maintain a public library within the City of Santa Paula, an amount equal to the total value of these assets will be returned to the City of Santa Paula.

On July 15, 1969, the Board of Trustees of the Santa Paula Union High School Public Library District created a Library Commission of five members to govern the operations of the District.

As a result of a separation resolution adopted by the Santa Paula Union High School Public Library District on November 8, 1995, a new district was formed, Blanchard/Santa Paula Library District – Blanchard Community Library, to oversee the Library. This action was taken pursuant to the enactment of Senate Bill 614, Chapter 529, Statutes of 1995. Accordingly, the Board of Supervisors of the County of Ventura appointed an initial governing Board of Trustees for the new District consisting of the members of the Library Commission of the old District. The new Board assumed their responsibilities at their first meeting on January 16, 1996, at which time the Library Commission ceased to exist. Consequently, all assets, liabilities and fund balances of the old District were transferred to the new District.

**B. Component Unit**

The reporting entity is the Blanchard/Santa Paula Library District – Blanchard Community Library. There are no component units included in this report which meets the criteria of the Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statements No. 39, No. 61, and No. 80.

**C. Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities* are normally supported by taxes and intergovernmental revenues.

The Statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. The *District expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Major individual governmental funds are reported as separate columns in the fund financial statements.

**D. Basis of Presentation**

*Government-wide and fund financial statements:*

The government-wide statements are prepared using the economic resources measurement focus. This approach differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements, therefore, include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for the governmental funds.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Basis of Presentation (Continued)**

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. The District does not allocate indirect expenses to functions in the statement of activities. Program revenues include charges paid by the recipients of goods or services offered by a program, as well as grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District, with certain exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

*Fund Financial Statements:*

Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major governmental fund is presented in a separate column, and all non-major funds are aggregated into one column.

The accounting and financial treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The Statement of Revenues, Expenditures, and Changes in Fund Balances for these funds present increases, (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net position.

**E. Basis of Accounting**

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting.

*Revenues – exchange and non-exchange transactions:*

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded under the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. "Available" means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, "available" means collectible within the current period or within 60 days after fiscal year-end.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include grants. Revenue from grants is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are to be used or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. Under the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

*Unearned revenue:*

Unearned revenues arise when assets are received before revenue recognition criteria have been satisfied. Grants received before eligibility requirements are met are recorded as unearned revenue.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**E. Basis of Accounting (Continued)**

On the accrual basis of accounting, expenses are recognized at the time a liability is incurred. On the modified accrual basis of accounting, expenditures are generally recognized in the accounting period in which the related fund liability is incurred, as under the accrual basis of accounting. However, under the modified accrual basis of accounting, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first then unrestricted resources as they are needed.

**F. Fund Accounting**

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity or retained earnings, revenues, and expenditures. The District's resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The District's accounts are organized into two major funds, as follows:

**Major Governmental Funds:**

The *General Fund* is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

The *Literacy Programs Fund* accounts for special revenues restricted for the District's literacy program (FLAIR).

**G. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**H. Budgets and Budgetary Accounting**

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual appropriated budgets are adopted for the major funds. All annual appropriations lapse at fiscal year-end.

**I. Cash and Investments**

The unexpended cash of the General Fund is deposited in the County of Ventura Treasury. The County maintains a cash and investment pool, and allocates interest to the various funds based upon the average monthly cash balances. Other cash deposits are held in various local banks in the District's name and are insured by the FDIC. Investments are stated at fair value.

**J. Encumbrances**

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the governmental funds. For budgetary purposes, appropriations lapse at fiscal year-end except for that portion related to encumbered amounts. Encumbrances outstanding at year-end are carried forward to the new fiscal year. Such encumbrances constitute the equivalent of expenditures for budgetary purposes and accordingly, the accompanying financial statements present comparisons of actual results to the budgets of governmental funds on the budget basis of accounting.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**K. Capital Assets**

Capital assets are recorded at cost where historical records are available and at an estimated original cost where no historical records exist. Contributed capital assets are valued at their estimated fair value at the date of the contribution. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and estimated useful life in excess of two years.

Capital assets used in operations are depreciated over their estimated useful lives using the straight-line method in the governmental column in the government-wide financial statements. Depreciation is charged as an expense against operations and accumulated depreciation is reported on the statement of net position. The estimated useful lives are as follows:

Equipment and vehicles	5 to 7 years
Furniture and fixtures	7 years
Buildings and improvements	30 years

**L. Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

**M. Long-term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. In the fund financial statements, governmental fund types report the face amount of debt issued as other financing sources.

**N. Compensated Absences**

Twenty-five percent of sick leave pay, after ten years of service, and all vacation leave pay plus related payroll taxes are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

**O. Fund Balances**

Fund balance of the governmental funds are classified as follows:

**Nonspendable Fund Balance** – represents amounts that cannot be spent because they are either not in spendable form (such as inventory or prepaid insurance) or legally required to remain intact (such as notes receivable or principal of a permanent fund).

**Restricted Fund Balance** – represents amounts that are constrained by external parties, constitutional provisions or enabling legislation.

**Committed Fund Balance** – represents amounts that can only be used for a specific purpose because of a formal action by the District's governing board. Committed amounts cannot be used for any other purpose unless the governing board removes those constraints by taking the same type of formal action. Committed fund balance amounts may be used for other purposes with appropriate due process by the governing board. Commitments are typically done through adoption and amendment of the budget. Committed fund balance amounts differ from restricted balances in that the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.

**Assigned Fund Balance** – represents amounts which the District intends to use for a specific purpose, but that do not meet the criteria to be classified as restricted or committed. Intent may be stipulated by the governing board or by an official or body to which the governing board delegates the authority. Specific amounts that are not restricted or committed in a special revenue, capital projects, debt service, or permanent fund are assigned for purposes in accordance with the nature of their fund type or the fund's primary purpose. Assignments within the general fund convey that the intended use of those amounts is for a specific purpose that is narrower than the general purpose of the District.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**O. Fund Balances (continued)**

Unassigned Fund Balance – represents amounts which are unconstrained in that they may be spent for any purpose. Only the general fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification because of overspending for specific purposes for which amounts had been restricted, committed or assigned.

When an expenditure is incurred for a purpose for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

**P. Net Position**

GASB Statement No. 63 requires that the difference between assets added to the deferred outflows of resources and liabilities added to the deferred inflows of resources be reported as net position. Net position is classified as either net investment in capital assets, restricted, or unrestricted.

Net position that is net investment in capital assets consist of capital assets, net of accumulated depreciation, and reduced by the outstanding principal of related debt. Restricted net position is the portion of net position that has external constraints placed on it by creditors, grantors, contributors, laws, or regulations of other governments, or through constitutional provisions or enabling legislation. Unrestricted net position consists of net position that does not meet the definition of net investment in capital assets or restricted net position.

**Q. Deferred Outflows and Inflows of Resources**

Pursuant to GASB Statement No. 63, "*Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*," and GASB Statement No. 65, "*Items Previously Reported as Assets and Liabilities*," the District recognizes deferred outflows and inflows of resources.

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. A deferred outflow of resources is defined as a consumption of net position by the government that is applicable to a future reporting period. The District has two items which qualify for reporting in this category; refer to Notes 7 and 8 for a detailed listing of the deferred outflows of resources the District has reported.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. A deferred inflow of resources is defined as an acquisition of net position by the District that is applicable to a future reporting period. The District has one item which qualifies for reporting in this category; refer to Note 8 for a detailed listing of the deferred inflows of resources the District has reported.

**R. Pensions**

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Blanchard/Santa Paula Library District's California Public Employees' Retirement System (CalPERS) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**S. OPEB**

For purposes of measuring the net OPEB liability and deferred outflows/inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District's plan (OPEB plan) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 2 - CASH AND INVESTMENTS

On June 30, 2018, the District had the following cash and investments on hand:

Cash on hand	\$ 281
Cash in bank	219,130
Cash and investments with the City of Santa Paula	212,034
Cash and investments with the County Treasurer	859,560
Negotiable Certificates of Deposit	<u>359,272</u>
Total cash and investments	<u>\$ 1,650,277</u>

Cash and investments are presented on the accompanying basic financial statements, as follows:

---	---------------------

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The District has investments in the Ventura County investment pool and the City of Santa Paula, however, these external pools are not measured under Level 1, 2, or 3.

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the District manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the District's investments by maturity:

<u>Investment Type</u>	<u>Carrying Amount</u>	<u>Remaining Maturity (in Months)</u>			
		<u>12 Months Or Less</u>	<u>13-24 Months</u>	<u>25-60 Months</u>	<u>More than 60 Months</u>

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of rating by a nationally recognized statistical rating organization. Presented on the following page, is the minimum rating required by the California Government Code, the District's investment policy, or debt agreements, and the actual

Total	<u>\$1,430,866</u>		<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$1,430,866</u>

Concentration of Credit Risk

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There are no investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of total District's investments.

Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The fair value of the pledged securities in the collateral pool must equal at least 100% of the total amount deposited by the public agencies.

California law also allows financial institutions to secure the District's deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or governmental investment pools (such as the Ventura County Investment Pool).

As of June 30, 2018, none of the District's deposits with financial institutions in excess of federal depository insurance limits were held in uncollateralized accounts.

The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or governmental investment pools (such as Ventura County Investment Pool and the City of Santa Paula's pooled cash).

**NOTE 3 - PROPERTY TAXES**

Property taxes in the State of California are administered for all local agencies at the county level, and consist of secured, unsecured, and utility tax rolls. The following is a summary of major policies and practices relating to property taxes:

**Property Valuations** - are established by the Assessor of the County of Ventura for the secured and unsecured property tax rolls; the utility property tax roll is valued by the State Board of Equalization. Under the provisions of Article XIII A of the State Constitution (Proposition 13 adopted by the voters on June 6, 1978), properties are assessed at 100% of full value. From the base assessment, subsequent annual increases in valuation are limited to a maximum of 2%. However, increases to full value are allowed for property improvements or upon change in ownership. Personal property is excluded from these limitations, and is subject to annual reappraisal.

**Tax Levies** - are limited to 1% of full market value which results in a tax rate of \$1.00 per \$100 assessed valuation, under the provisions of Proposition 13. Tax rates for voter-approved indebtedness are excluded from this limitation.

**Tax Levy Dates** - are attached annually on January 1, preceding the fiscal year for which the taxes are levied. The fiscal year begins July 1 and ends June 30 of the following year. Taxes are levied on both real and unsecured personal property as it exists at the time. Liens against real estate, as well as the tax on personal property, are not relieved by subsequent renewal or change in ownership.

**Tax Collections** - are the responsibility of the County Tax Collector. Taxes and assessments on secured and utility rolls which constitute a lien against the property, may be paid in two installments: the first is due on November 1 of the fiscal year and is delinquent if not paid by December 10; and the second is due on March 1 of the fiscal year and is delinquent if not paid by April 10. Unsecured personal property taxes do not constitute a lien against real property unless the taxes become delinquent. Payment must be made in one installment, which is delinquent if not paid by August 31 of the fiscal year. Significant penalties are imposed by the county for late payments.

**Tax Levy Apportionments** - Due to the nature of the District-wide maximum levy, it is not possible to identify general purpose tax rates for specific entities. Under State legislation adopted subsequent to the passage of Proposition 13, apportionments to local agencies are made by the county auditor-controller based primarily on the ratio that each agency represented of the total District-wide levy for the three years prior to fiscal year 1979.

**Property Tax Administration Fees** - The State of California FY 90-91 Budget Act, authorized Counties to collect an administrative fee for collection and distribution of property taxes.

**NOTE 7 – POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS**

Plan Description

For eligible employees, the District provides for 100% of the cost of health insurance coverage for its retirees exclusive of family members subject to the following conditions:

- To be eligible for coverage, the retiree must have worked for the District for at least 10 years for 50% and 20 years for 100% coverage;
- Upon reaching age 65, retirees and their dependents are only eligible for the District to provide supplemental benefits to their Medicare Plan;
- Upon death of the retiree, no further health insurance benefits will be paid.

Funding Policy

The District's Board of Directors will not be funding the plan in the current year, except on a pay-as-you-go basis. The Board will review the funding requirements and policy annually.

Inactive plan members or beneficiaries currently receiving benefits	7

OPEB Liability

The District's OPEB Liability was measured as of June 30, 2018 and the total OPEB liability used to calculate the Net OPEB Liability was determined by an actuarial valuation as of June 30, 2018. Standard actuarial update procedures were used to project/discount from valuation to measurement dates.

*Actuarial assumptions.* The total OPEB liability was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Salary increases	3.25%
Healthcare cost trend rate	3.13% as of June 30, 2017, 2.92% as of June 30, 2018
Assumed wage inflation	3%
General inflation rate	2.75%

Pre-retirement mortality rates were based on Macleod Watts Scale 2017 applied generally from 2008 on.

Actuarial assumptions used in the June 30, 2018 valuation were based on a review of plan experience during the period July 1, 2017 to June 30, 2018.

*Discount rate.* GASB 75 requires a discount rate that reflects the following:

- a) The long-term expected rate of return on OPEB plan investments-to the extent that the OPEB plan's fiduciary net position (if any) is projected to be sufficient to make projected benefit payments and assets are expected to be invested using a strategy to achieve that return;
- b) A yield or index for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher-to the extent that the conditions in (a) are not met.

To determine a resulting single (blended) rate, the amount of the plan's fiduciary net position (if any) and the amount of projected benefit payments is compared in each period of projected benefit payments. The discount rate used to measure the District's total OPEB liability is based on these requirements and the following information:

Reporting Date	Measurement Date	Long-Term Expected Return of Plan Investments (if any)	Municipal Bond 20 Year High Grade Rate Index	Discount Rate
July 1, 2017	July 1, 2017	4%	3.13%	3.13%

NOTE 8 – PENSION PLAN

A. General Information about the Pension Plans

*Plan Descriptions*

All qualified permanent and probationary employees are eligible to participate in the District’s Miscellaneous Employee Pension Plans, cost-sharing multiple employer defined benefit plans administered by the California Public Employees’ Retirement System (CalPERS). Benefit provisions under the Plans are established by State statute and District resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

*Benefits Provided*

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for nonduty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees’ Retirement Law.

The Plans’ provisions and benefits in effect at June 30, 2018, are summarized as follows:

	Miscellaneous	
	Prior to January 1, 2013	On or after January 1, 2013
Hire Date		
Benefit formula	2.0% @ 60	2.0% @ 62
Benefit vesting schedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Retirement age	50	52-67
Monthly benefits, as a % of eligible compensation	2.0% to 2.418%	1.0% to 2.5%
Required employee contribution rates	7.0%	6.25%
Required employer contribution rates	7.20%	6.53%
Employer payment of unfunded liability	\$36,540	\$523

*Contributions*

Section 20814(c) of the California Public Employees’ Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plan is determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. Contributions to the pension plan from the District were \$55,966 for the fiscal year ended June 30, 2018.

NOTE 8 – PENSION PLAN (Continued)

**B. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions**

At June 30, 2018, the District reported a liability of \$575,561 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016, rolled forward to June 30, 2017 using standard roll-forward procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all Pension Plan participants, actuarially determined. The District's proportionate share of the net pension liability for the miscellaneous plan as of June 30, 2016 and 2017 was as follows:

	<u>Miscellaneous</u>
Proportion-June 30, 2016	0.01548%
Proportion-June 30, 2017	0.01460%
Change-Increase (Decrease)	<u>-0.00088%</u>

For the year ended June 30, 2018, the District recognized pension expense of \$191,729. Pension expense represents the change in the net pension liability during the measurement period, adjusted for actual contributions and the deferred recognition of changes in investment gain/loss, actuarial gain/loss, actuarial assumptions or method, and plan benefits. At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Pension contributions subsequent to measurement date	\$ 55,966	\$ -
Differences between expected and actual experience	602	8,620
Changes in assumptions	74,653	5,693
Net difference between projected and actual earnings on retirement plan investments	16,883	
Adjustment due to differences in proportions	101,209	13,326
Difference in actual contributions and proportionate share of contributions	2,233	12,010
	<u>\$ 251,546</u>	<u>\$ 39,649</u>

\$55,966 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the pension expense as follows:

Fiscal Year Ending June 30,	<u>Amount</u>
2018	\$ 101,039
2019	41,922
2020	22,995
2021	(10,025)
	<u>\$ 155,931</u>

*Actuarial Assumptions*

The total pension liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	June 30, 2016
Measurement Date	June 30, 2017
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	7.15%
Inflation	2.75%
Salary Increases	Varies by Entry Age and Service
Investment Rate of Return	7% Net Pension Plan Investment and Administrative Expenses; includes Inflation
Mortality	Derived using CalPERS' Membership Data for all Funds (1)
Post Retirement Benefit Increase	Contract COLA up to 2.75% until Purchasing Power Protection Allowance Floor on Purchasing Power applies; 2.75% thereafter

(1) The mortality table used was developed based on CalPERS' specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB. For more details on this table please refer to the 2017 experience study report.

*Change in Assumptions*

In December 2016, as part of the Asset Liability Management (ALM) review cycle, the CALPERS Board approved to lower the financial reporting discount rate for PERF B from 7.65% to 7.15%.

*Discount Rate*

The discount rate used to measure the total pension liability was 7.15 percent. To determine whether the municipal bond rate should be used in the calculation of the discount rate for public agency plans (including PERF C), CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing of the plans, the tests revealed the assets would not run out. Therefore, the current 7.15 percent discount rate is appropriate and the use of the municipal bond rate calculation is not deemed necessary. The long-term expected discount rate of 7.15 percent is applied to all plans in the Public Employees Retirement Fund, including PERF C. The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained at CalPERS' website under the GASB 68 section.

CalPERS is scheduled to review all actuarial assumptions as part of its regular Asset Liability Management (ALM) review cycle that is scheduled to be completed in February 2022. Any changes to the discount rate will require Board action and proper shareholder outreach. For these reasons, CalPERS expects to continue using a discount rate net of administrative expenses for GASB 67 and 68 calculations through at least 2021-22 fiscal year. CalPERS will continue to check the materiality of the difference in calculation until such time as we have changed our methodology.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are

developed for each major asset class.

In determining the long-term expected rate of return, staff took into account both short-term and long-term market return expectations as well as the expected pension fund (Public Employee's Retirement Fund) cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

Asset Class	New Strategic Allocation	Real Return Years 1-10(a)	Real Return Years 11+(b)
Global Equity	47.0%	4.90%	5.38%
Global Fixed Income	19.0%	80.00%	2.27%
Inflation Sensitive	6.0%	60.00%	1.39%
Private Equity	12.0%	6.60%	6.63%
Real Estate	11.0%	2.80%	5.21%
Infrastructure and Forestland	3.0%	3.39%	5.30%
Liquidity	2.0%	-0.40%	-0.90%
Total	100.0%		

(a) An expected inflation of 2.5% was used for this period.

(b) An expected inflation of 3.0% was used for this period.

*Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in Discount Rate*

The following represents the District's proportionate share of the net pension liability calculated using the discount rate of 7.15 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.15 percent) or 1- percentage point higher (8.15 percent) than the current rate:

	1% Decrease 6.15%	Discount Rate 7.15%	1% Increase 8.15%
District's proportionate share of the net pension plan liability	\$ 821,639	\$ 575,561	\$ 371,755

*Pension Plan Fiduciary Net Position*

Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial reports.

**NOTE 8 – PENSION PLAN (Continued)**

**C. Payable to Pension Plan**

At June 30, 2018, the District had no amount outstanding for contributions to the pension plan required for the fiscal year ended June 30, 2018.

**NOTE 9 – CONTINGENCIES**

According to the District's Management, no contingent liabilities are outstanding and no lawsuits of any real financial consequence are pending.

The District has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under the terms of the grants, it is believed that any required reimbursements would not be material.

**NOTE 10 – RISK MANAGEMENT**

The District participates in the Special District Risk Management Authority, a joint powers agency formed pursuant to Section 6500 et. seq., California Government Code, comprised of California special districts and agencies including such districts, is referred to as SDRMA. SDRMA provides district insurance coverage, including workers' compensation. The District is exposed to various risks of losses related to the public, damage to assets and errors and omissions. SDRMA provides liability, property, inverse condemnation, and public official's liability coverage. Individual claims (and aggregate public liability and property claims) in excess of specified levels are covered by excess insurance policies purchased from commercial carriers. A Board comprised of members from participating districts governs SDRMA. The board controls the operations of SDRMA including selection of management and approval of operating budgets, independent of any influence by the members beyond their representation on the board. Each member would share in any risk margin deficiencies proportionally to its participation in SDRMA. SDRMA provides basic liability coverage of \$2,500,000 with \$2,500,000 maximum per occurrence/aggregate where applicable. The District's deductibles are \$1,000 on property, \$1,000 on boiler and machinery, \$1,000 on auto, and \$500 on personal injury.

**NOTE 11 – RESTATEMENTS**

Due to the implementation of GASB Statement No. 75, an adjustment is required to the OPEB liability of \$(821,547) at June 30, 2017 in the governmental activities and the government-wide statements of net position.

This representation letter is provided in connection with your audit(s) of the financial statements of Blanchard/Santa Paula Library District, which comprise the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows for the year then ended, and the related notes to the financial statements, for the purpose of expressing opinions as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of January 22, 2019, the following representations made to you during your audit.

### **Financial Statements**

- 1) We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated June 2, 2018, including our responsibility for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for preparation of the supplementary information in accordance with the applicable criteria.
- 2) The financial statements referred to above are fairly presented in conformity with U.S. GAAP and include all properly classified funds and other financial information of the primary government and all component units required by generally accepted accounting principles to be included in the financial reporting entity.
- 3) We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
- 4) We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
- 5) Significant assumptions we used in making accounting estimates, including those measured at fair value, are reasonable.
- 6) Related party relationships and transactions, including revenues, expenditures/expenses, loans, transfers, leasing arrangements, and guarantees, and amounts receivable from or payable to related parties have been appropriately accounted for and disclosed in accordance with U.S. GAAP.

- 7) Adjustments or disclosures have been made for all events, including instances of noncompliance, subsequent to the date of the financial statements that would require adjustment to or disclosure in the financial statements or in the schedule of findings and questioned costs.
- 8) The effects of uncorrected misstatements are immaterial, both individually and in the aggregate, to the financial statements as a whole for each opinion unit. A list of the uncorrected misstatements is attached to the representation letter.
- 9) The effects of all known actual or possible litigation, claims, and assessments have been accounted for and disclosed in accordance with U.S. GAAP.
- 10) Guarantees, whether written or oral, under which the district is contingently liable, if any, have been properly recorded or disclosed.

**Information Provided**

- 11) We have provided you with:
  - a) Access to all information, of which we are aware, that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters [and all audit or relevant monitoring reports, if any, received from funding sources].
  - b) Additional information that you have requested from us for the purpose of the audit.
  - c) Unrestricted access to persons within the district from whom you determined it necessary to obtain audit evidence.
  - d) Minutes of the meetings of Board of Trustees of the Blanchard/Santa Paula Library District or summaries of actions of recent meetings for which minutes have not yet been prepared.
- 12) All material transactions have been recorded in the accounting records and are reflected in the financial statements.
- 13) We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
- 14) We have no knowledge of any fraud or suspected fraud that affects the district and involves:
  - Management,
  - Employees who have significant roles in internal control, or
  - Others where the fraud could have a material effect on the financial statements.
- 15) We have no knowledge of any allegations of fraud or suspected fraud affecting the district's financial statements communicated by employees, former employees, regulators, or others.
- 16) We have no knowledge of instances of noncompliance or suspected noncompliance with provisions of laws, regulations, contracts, or grant agreements, or abuse, whose effects should be considered when preparing financial statements.
- 17) We have disclosed to you all known actual or possible litigation, claims, and assessments whose effects should be considered when preparing the financial statements.
- 18) We have disclosed to you the identity of the district's related parties and all the related party relationships and transactions of which we are aware.

**Government—specific**

- 19) There have been no communications from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices.
- 20) We have identified to you any previous audits, attestation engagements, and other studies related to the audit objectives and whether related recommendations have been implemented.
- 21) The district has no plans or intentions that may materially affect the carrying value or classification of assets, liabilities, or equity.
- 22) We are responsible for compliance with the laws, regulations, and provisions of contracts and grant agreements applicable to us, including tax or debt limits and debt contracts; and legal and contractual provisions for reporting specific activities in separate funds.

- 23) We have identified and disclosed to you all instances, which have occurred or are likely to have occurred, of fraud and noncompliance with provisions of laws and regulations that we believe have a material effect on the financial statements or other financial data significant to the audit objectives, and any other instances that warrant the attention of those charged with governance.
- 24) We have identified and disclosed to you all instances, which have occurred or are likely to have occurred, of noncompliance with provisions of contracts and grant agreements that we believe have a material effect on the determination of financial statement amounts or other financial data significant to the audit objectives.
- 25) We have identified and disclosed to you all instances that have occurred or are likely to have occurred, of abuse that could be quantitatively or qualitatively material to the financial statements or other financial data significant to the audit objectives.
- 26) There are no violations or possible violations of budget ordinances, laws and regulations (including those pertaining to adopting, approving, and amending budgets), provisions of contracts and grant agreements, tax or debt limits, and any related debt covenants whose effects should be considered for disclosure in the financial statements, or as a basis for recording a loss contingency, or for reporting on noncompliance.
- 27) As part of your audit, you assisted with preparation of the financial statements and related notes. We acknowledge our responsibility as it relates to those nonaudit services, including that we assume all management responsibilities; oversee the services by designating an individual, preferably within senior management, who possesses suitable skill, knowledge, or experience; evaluate the adequacy and results of the services performed; and accept responsibility for the results of the services. We have reviewed, approved, and accepted responsibility for those financial statements and related notes [and schedule of expenditures of federal awards].
- 28) The district has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset been pledged as collateral.
- 29) The district has complied with all aspects of contractual agreements that would have a material effect on the financial statements in the event of noncompliance.
- 30) The financial statements include all component units as well as joint ventures with an equity interest, and properly disclose all other joint ventures and other related organizations.
- 31) The financial statements properly classify all funds and activities, in accordance with GASB Statement No. 34.
- 32) All funds that meet the quantitative criteria in GASBS Nos. 34 and 37 for presentation as major are identified and presented as such and all other funds that are presented as major are particularly important to financial statement users.
- 33) Components of net position (net investment in capital assets; restricted; and unrestricted) , and components of fund balance (nonspendable, restricted, committed, assigned, and unassigned) are properly classified and, if applicable, approved.
- 34) Investments, derivative instruments, and land and other real estate held by endowments are properly valued.
- 35) Provisions for uncollectible receivables have been properly identified and recorded.
- 36) Expenses have been appropriately classified in or allocated to functions and programs in the statement of activities, and allocations have been made on a reasonable basis.
- 37) Revenues are appropriately classified in the statement of activities within program revenues, general revenues, contributions to term or permanent endowments, or contributions to permanent fund principal.

REGULAR MEETING OF JANUARY 22, 2019  
H(b) NEW BUSINESS: EXTERIOR VIDEO CAMERAS

As a result of the break in last February and intermittent issues with the homeless camping on the grounds and leaving trash around the building, staff explored the possibility of installing exterior cameras. The California Government Code requires the district to keep copies of recordings for one year, which significantly increases the cost. Staff contacted three vendors and received quotes from two of the them: one for \$8,638 and one for \$8,396. The lower bid included eight cameras. The higher bid is for six cameras. Staff needs to verify with the less expensive vendor that the system is accessible remotely via the Internet. The more expensive bid does include remote access.

RECOMMENDATION: Authorize staff to made the final determination which bid to accept.

Ned Branch  
 District Director  
 Blanchard Community Library  
 119 N, 8<sup>th</sup> Street  
 Santa Paula, CA 93060

Hello Ned,

Nice to see you on Monday. I am a big Public Library fan, having grown up in the book aisles. Thank you for the opportunity to provide you with this security protection proposal.

I appreciate your interest in Boyd & Associates security. Our commitment to our clients' safety is reflected in our comprehensive, quality products and service offerings. Our extensive product lines range from basic burglar alarms to systems featuring state-of-the-art technology such as Remote Access via Smart Phone App, Wireless Key Entry, Email Notification, and Internet and Cellular Communication. In addition, we offer Patrol & Alarm Response services and by partnering with our clients, we identify security risks, determine goals and create customized solutions that are economical, easily manageable and effective.

- *Burglar (Security) Alarm Systems*
- *Fire Alarm Systems*
- *We provide monitoring service 24 hours a day, seven days a week via our Central Station*
- *Access (Door) Control Systems*
- *CCTV (Camera) Systems*

We are pleased to provide you with the following proposal. While we have made our best effort to propose services that meet your specific security requirements, this solution may be revised upon further discovery of security goals or installation requirements.

**Scope of Work Proposed:**

- Install a security protection CCTV (camera) system on the exterior of the building, covering the parking lot, and back, front, and side lot areas of the Library. Install remote web access for the cameras. Include one year of memory for the recording device. Train on use of the camera recording device.

Only items and services specifically listed are to be construed as included. Lead time for equipment and scheduling is approximately 2-3 weeks from the time the order is processed.

**Equipment Proposed: Camera (CCTV) System**

REGULAR MEETING OF JANUARY 22, 2019  
I(a) REPORTS: LITERACY SERVICES

11. January, 2019

# Adult Learning Center

## Board Report for January, 2019

Our proposal for a Family Literacy Program was submitted to CA Library Literacy Services (CLLS), the “Mother Ship”, 21. November, and we were supposed to hear by 19. December. We had to revise and resubmit in the week before that date, but were assured we were still in the running. We had hoped to begin 14. January, but as of this writing we are still waiting to hear from CLLS. SIGH.

MEANWHILE, back in the hometown, Lenore Carleton submitted a grant application for this same Family Literacy Program to the **American Library Association**, for their **American Dream Literacy Initiative**. AND **WE WERE CHOSEN! \$10,000!** ONE OUT OF SIXTEEN, NATIONWIDE! Very exciting! So with the help of First Five, we are planning a “soft start” 28. January. Ned is negotiating with Santa Paula Adult School, to see if they want to collaborate in this daytime Family Literacy Program here in the library. Olivia, Maria Del Rosario, and I are going to start recruiting students this week.

I have conducted **2 Tutor Orientations** since last we spoke, and will have finished the 2-day formal **Tutor Training** by Board Meeting time. I always enjoy getting to know the new tutors. They come from such **VARIED** backgrounds! As do our learners.

### And speaking of learners, here’s our newest offering:

We received a gift of 7 iPads from CLLS, and they are now up and running, registered, and our wonderful volunteer teacher, Soheil Roshan-Zamir is hard at it! He has been teaching a Computer Basics class here at Blanchard Library for 4 years, and has now adapted his instruction to the iPad. The students came out raving last night! (Happy, not mad.)

Final word: That Spanish Conversation Class you’ve been asking for is finally starting, thanks to Cathy Sorensen. The Lovely Carmen Zermeño will begin Wednesdays, 10-11 am. ¡BIENVENIDO!

I(b) REPORTS: PUBLIC SERVICES

## December 2018 Adult Programs and Events

December's programming began with a performance by the Silver Belles Carolers, a quartet who performs holiday standards in Victorian costume. The group performed a very interactive set (complete with complementary jingle bells) to an intergenerational crowd, encouraging those present to sing along. The group finished the evening, singing several requested favorites of secular and non-secular holiday fare. In all, the group was talented and entertaining, and we hope to have them return next year.

Our TEDx viewing party centered on compassion was the most well attended of the series thus far. As part of the licensing requirements, TED requests that email addresses be collected from attendees so that TED may send them feedback surveys. Those results are then sent back to the presenter. The following two reviews are what we received:

10

12/11/2018

I enjoy the insight and diversity of them

10

12/11/2018

TED talks are very educational. I appreciate that the library and the presenter have taken the time to do this. I want to support it. And it is great to be able to discuss with others who attend.

The month's Third Thursday Movie was *Crazy Rich Asians*, based on the bestselling Kevin Kwan novel. The audience was composed mainly of new attendees who had just discovered the monthly series and joined the mailing list for our digital "newsletter" in order to be informed of subsequent screenings.

The Blanchard Community Book Club returns on January 31 when we will be discussing Mohsin Hamid's *Exit West*, the 2018 Los Angeles Times Book Prize winner for fiction. At this meeting, the club will be suggesting and voting on titles for the first half of 2019.

REGULAR MEETING OF JANUARY 22, 2019  
I(c) REPORTS: VOLUNTEER COORDINATOR

## Volunteer Coordinator Board Report January 2019

### Winter Community Work Day at the Library -

Our Winter Community Workday is being held on Saturday, January 26<sup>th</sup> from 10-2:00. Volunteers will be painting the Hardison room, cleaning furniture in the children's area, and moving stored items. Advertising is being placed on Facebook, submitted as a press release to the Santa Paula Times, and a Letter to the Editor in our local paper. The Church of Jesus Christ of Latter-day Saints has volunteered to be our core group of volunteers, but hopefully other residents of Santa Paula will join us for this workday.

### Volunteers needed for RFID tagging for DVDs and CDs and Eco Jr Disc Cleaner/Polisher operator -

Requests for volunteers for running our cleaner/polisher and placing RFID tags on all of the library's DVDs and CDs is being placed on our Webpage, Volunteer Match, Santa Paula Times, and Facebook. RFID labels on the individual discs will allow us to keep the discs in their plastic containers on the shelves instead of in the drawers in the circulation area.

### "Volunteer Opportunities" information on the library webpage -

The tab for "Donations and Volunteering" under "About Us" is being revised on our webpage and "Volunteer Opportunities" is being added to that tab. The "Blog" tab on our webpage is being updated and "Volunteering Opportunities" press releases are being added to the blog tab.
